

Shelving system

A versatile shelving system that meets nearly all storage needs. Can be assembled to meet individual needs by combining shelves and cabinets, and by adding accessories as needed. The cabinets and shelves can also be used individually. Includes a wide range of accessories and add-ons for creating customized storage solutions. Can also be used as a screen. The cabinet can be moved by forklift.

- A versatile storage system comprising standard parts and extension parts
- Standard parts also work as individual items of furniture, extension parts do not
- Standard and extension parts always include 6 shelves
- Maximum load per shelf 330 lbs, total maximum load per section 2200 lbs
- Dimensions of open shelving: width 30.5"/39.37", depth 11.81"/15.75"/19.69"/23.62", height 78.74"/94.49"
- Cabinet: leveling screws, 3 lock options, dimensions: width 39.37", depth 15.75"/19.69"/23.62", height 78.74"
- Shelves and cabinets are delivered unassembled
