

Basic Upright Frame

Like the [TP Workbench](#), the Treston basic upright frame meets your need for a light-weight industrial workbench. This upright frame is a suitable blank-slate workstation for various industrial tasks and environments.

Most notably, it can be fully customized with [workbench accessories](#) and your choice of tabletop. With packing, storage, fulfillment, assembly, and testing accessories can all increase your team's efficiency in a variety of fields and tasks.

Wondering what an [ergonomic workstation](#) can do for you and your team? Read about [Treston's commitment to workplace design](#)!

- A low-cost and cost-effective industrial workbench
- The table top must be ordered separately
- Also available with ESD protection
- Maximum load capacity of frame 660 lbs

For a more solid standard workbench, check out the [Treston TP workbench](#).
